

## RODGERS ESTATE GOES TO HEIRS

DAUGHTER OF EXECUTRIX OWNS LARGEST RANCH IN LOVELOCK VALLEY

In the district court this morning Judge Ducker approved the final account of Elizabeth Rodgers, administratrix of the estate of Arthur Rodgers, deceased, and an order was entered for the distribution of the residue of the estate, says the Humboldt Star.

Mrs. Rodgers, who is a millionaire, and her daughter, Miss Millie Rodgers, who reside in San Francisco, were present in court when the order was made closing the estate. The legal part of the proceedings was attended to by J. H. Evans, a Tonopah attorney, and J. F. Shuman of the San Francisco law firm of Morrison, Dume & Brobeck.

Miss Rodgers is very wealthy in her own right. She is the owner of the largest ranch in Lovelock, the "Reservation" ranch, recently deeded to her by her mother. This property comprises nearly 13,000 acres, nearly all under cultivation. Miss Rodgers also owns the old Blakeslee ranch, near Inlay, which property comprises nearly 1700 acres.

## BELGIANS KIDNAP GERMAN CAPTORS

(By Associated Press.)  
MAASTRICHT, Netherlands, Jan. 10.—An ingenious case, smacking of pirate yarns, has just enabled 40 Belgians to get safely out of Belgium. A tugboat lay on the River Meuse at Harcourt early one morning, guarded by three German soldiers. One or two Belgians casually approached and entered into conversation with the sentries, the sequel to a friendly chat being an invitation to have a drink at the nearest hostelry. Here a sleeping potion was adroitly introduced in the unsuspecting Germans' glasses and, a few minutes later the sentries were carried aboard the boat in a helpless condition.

Three Belgians quickly donned their uniforms, the rest of the fugitive party had already taken up their quarters below, and the tugboat was soon steaming Holland-wards, the German war flag flying bravely at the masthead. Arrived at the lock, orders were imperiously shouted and once safely on the other side the little boat sped downstream at full speed, snapping wire that stretched across the boundary and being soon afterwards run ashore on Dutch territory.

With borrowed plumes restored to them, the abducted Germans were given due directions concerning the way back to Belgium.

SAVING FOOD OF VITAL IMPORTANCE

PORTO RICO ARMY HAS WAITING LIST

(By Associated Press.)  
LONDON, Jan. 10.—The scarcity of foodstuffs has led the board of agriculture to empower local authorities to use vacant building land for food crops. The Vacant Land Cultivation society, a pet scheme of the late Joseph Fels, who was widely known in the United States, has already been entrusted by the government with the whole work in London, and will be able, through the London county council, to acquire any untaxed land that is suitable. The society allows small pieces of land to families for cultivation purposes. At present the society has about 800 holders working some eighty acres around London.

Apart from public gardens and parks there are 14,000 acres of idle land in London, and experience has shown that London land is capable of producing at war prices well over \$500 worth of food per acre. So great is the public interest in the scheme that the Vacant Land society is being, snowed under by applications from every kind of person, many of them "land hungry" countrymen settled in London.

### NURSE ARRESTED FOR IMPARTING SEX SECRETS

(By Associated Press.)  
NEW YORK, Jan. 10.—For giving information concerning birth control in a Brooklyn clinic conducted by Mrs. Margaret Sanger, her sister, Miss Ethel Byron, a nurse, was convicted today of misdemeanor in violation of the penal code.

(By Associated Press.)  
SAN JUAN, Porto Rico, Jan. 10.—Although the Porto Rico regiment of infantry has been almost doubled in the number of enlisted men since the passage of the army reorganization act by congress, last July, there is again a waiting list. It had been a two battalion organization, but now has the full regimental strength of 1500 men.

It has never been difficult to get men to enlist in the regiment and is believed to be among the very few bodies of organized soldiers anywhere in the world that has maintained a waiting list. The percentage of desertions has been the lowest of any organization in the United States army.

### PRICES ARE GOING UP IN ALL PARTS OF JAPAN

(By Associated Press.)  
TOKIO, Jan. 10.—Investigators estimate that there is a rise of 30 per cent over last year in the price of necessities in Japan, and the tendency is toward a still higher level. Sugar has increased 20-30 per cent, salmon, 50-100 per cent; wine, 20 per cent; beans, 30-40 per cent; grain, 10-20 per cent; canned goods, 10-20 per cent, and fuel 20 per cent. The cost of cloth, apparel and oils has also increased.

Wages have risen, but many people not connected with the present prosperity are meeting hard times.
